

PARTNER WITH KEYMARK FOR YOUR RPA SOLUTION

Simple, repetitive, and mundane tasks are prone to errors and sap your team of productivity. Robotic Process Automation can help — but you don't need to do it alone!

THERE'S POWER IN PARTNERSHIP

Talking about the power of RPA is one thing and improving business processes is easier said than done. Partnering with a value-added reseller ensures you're maximizing your investment with headache-free implementation and optimization.

WITH KEYMARK AT YOUR SIDE, YOU'LL LEARN AND UNDERSTAND THE INS AND OUTS OF RPA

KeyMark can help you find the best-fit solutions, provide stable installation and implementation, and give you consultation and support that lasts *for the lifetime* of our partnership. You'll be an RPA expert in no time and will have gained the added value of a team of RPA aficionados dedicated to your success.

IT'S OUR BUSINESS TO KNOW YOURS

With over 25 years of expertise navigating the nuances of automation, we've made it our business to understand how automation can benefit nearly every industry and vertical — including yours. To learn more about RPA for your specific industry and explore all that automation offers, visit:

KeyMark RPA solutions can result in **1/2 the cost of ownership of competitive solutions.**

OUR RPA PARTNERS

We've established relationships with some of the most reputable names in the RPA software world:

HOW DOES IT WORK? YOU + KEYMARK

1 DISCOVER

We'll work alongside your organization to uncover hidden areas ripe for automation using leading process and task mining/capture technology and develop an automation strategy that fits your organization's needs.

2 IMPLEMENT

The benefits of competing RPA solutions can vary. KeyMark understands the nuances of virtually every platform on the market and uses that knowledge to find the solution that best fits YOU.

3 MANAGE

Monitor your automations with access to KeyMark expertise, support, and consultation. Optimize configuration and overcome system hiccups utilizing our routine health checks to ensure your automation investments are continually hitting their marks and operating as expected.

4 OBSERVE

Reap the rewards of a digital workforce as it generates savings, reduces errors, and improves productivity — all with peace of mind that we've got your back.

5 LEARN

As a customer, you receive specialty notice to frequent vendor events and informational resources to help improve your RPA understanding. Moreover, KeyMark maintains daily contact with our vendors, passing new information and updates on to you.

A KeyMark partnership helps you realize the improvements of RPA in **days** — not weeks, months, or years.

Start a conversation with KeyMark and unlock the benefits of a value-added partner.

Call our friendly business development specialist at **864-343-0420** to begin your automation journey.
