

Falcon™

The Universal Document Scanning Workstation

• 21 Good Reasons to Buy •

1 SIGNIFICANT LABOR SAVING

- Greatly reduces or eliminates document preparation
- Combines scanning with QC – minimizing rescans later in the process

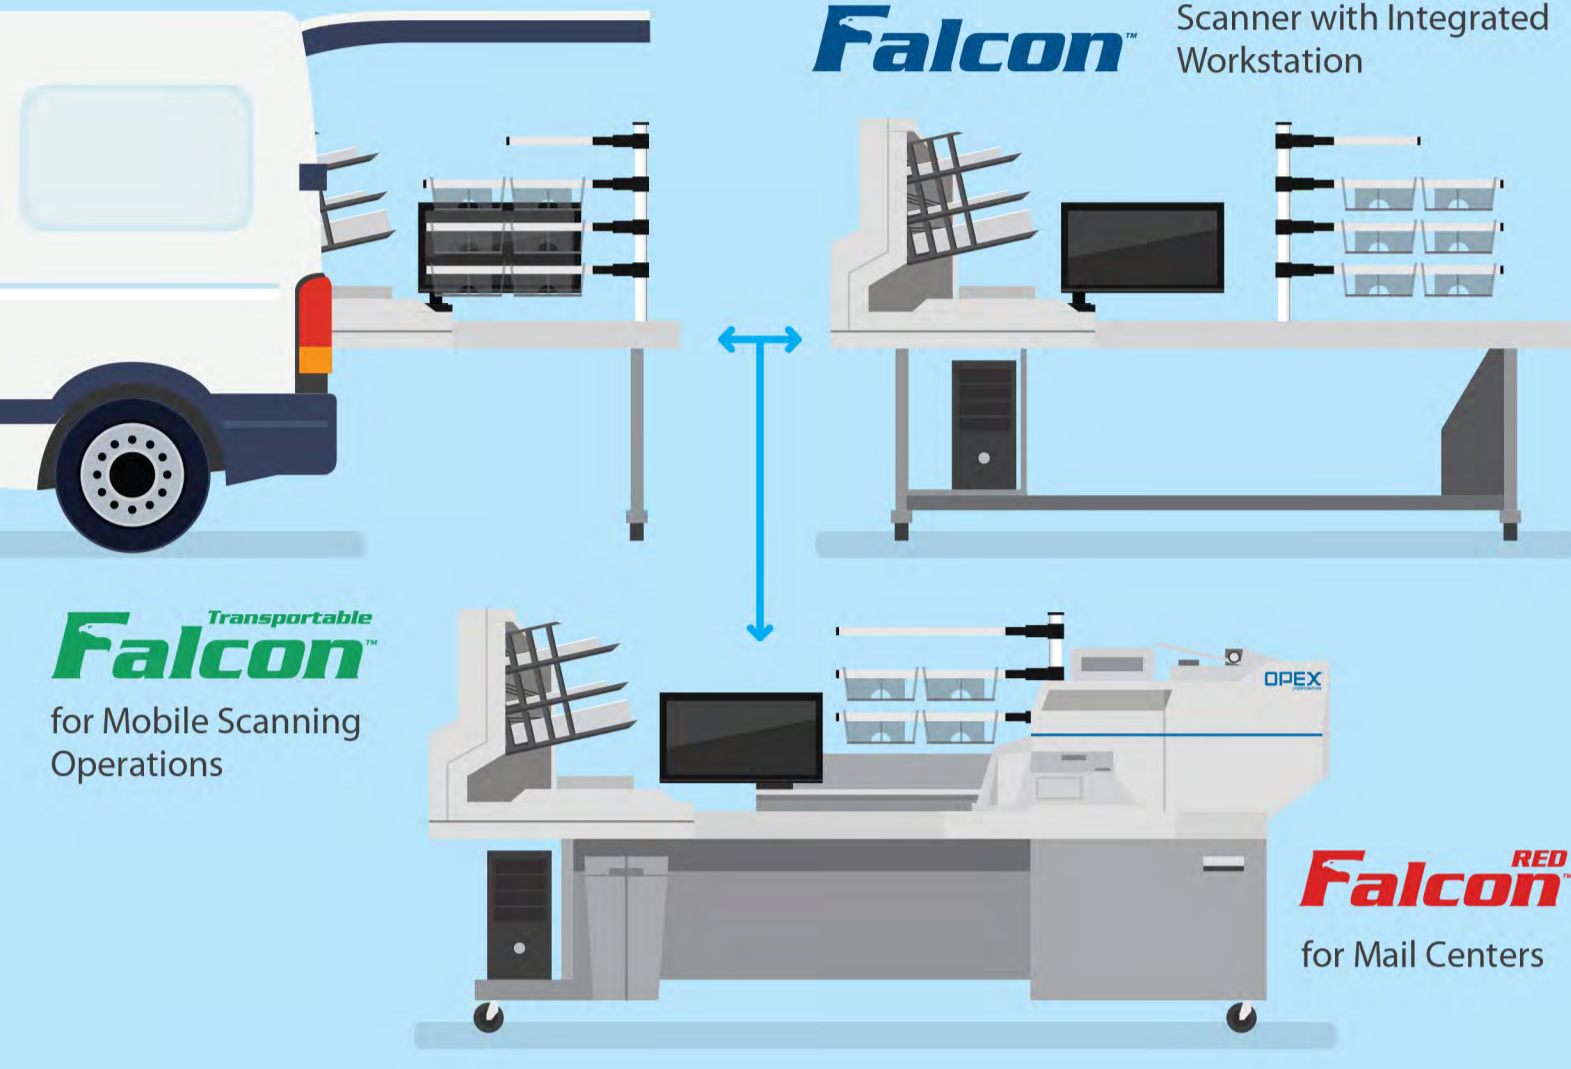

2 LOW TOTAL COST OF OWNERSHIP

- OPEX service contract is inclusive of all parts and labor

3 MULTIPLE WORKSTATION CONFIGURATIONS

4 VERSATILE PAGE FEEDER

High-Capacity Feeder

- Capable of handling up to 700 sheets with our high-capacity feeder
- Capable of continuous feed without resetting the feeder

“One-Touch” Prep Reducing Drop Feeder

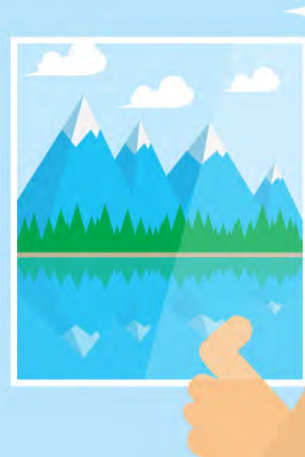

- Handles mixed sizes – from a business card to 12.25 x 25.5 inch / A3
- Handles difficult and different paper conditions: Delicate, Torn without repair, Creased

Rescan Feeder

- Eliminates time consuming stoppages
- Enhances productivity by performing QC at the time of capture

5 SUPERIOR IMAGE OUTPUT

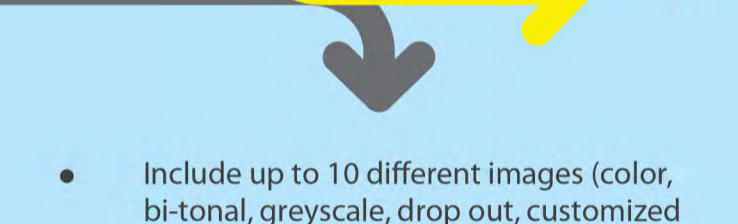

- Duplex
- Full Color
- 300 dpi

6 THICK ITEM DOCUMENT CAPTURE

- Overnight packages for item tracking
- Unopened envelopes for returned mail capture

7 MULTI-STREAM+ OUTPUT

- Include up to 10 different images (color, bi-tonal, greyscale, drop out, customized snippets) per document

8 EXTERNAL DIGITAL CAPTURE AND BATCH INSERTION

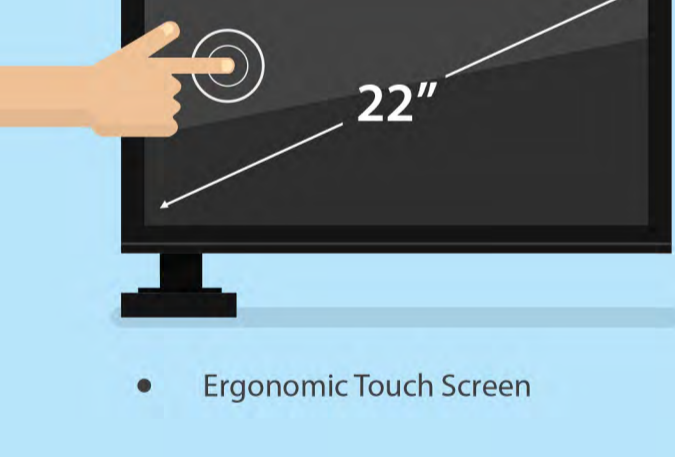

9 ULTRASONIC MULTI-FEED DETECT

- Virtually eliminate double feeds
- Selective easy on and off

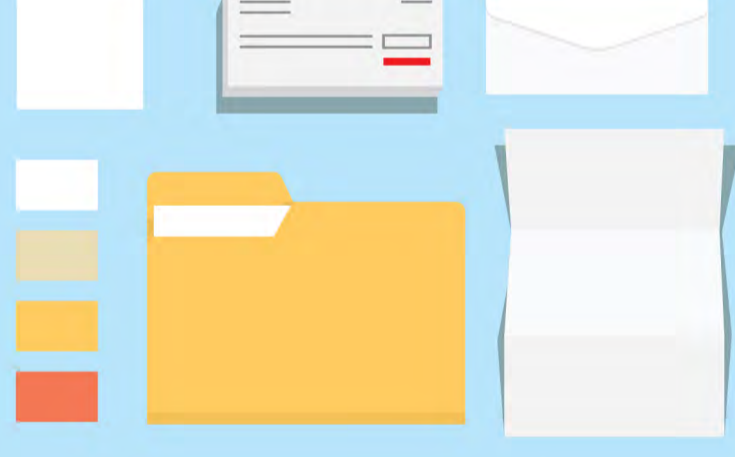

- Real-time insertion of external images into active batch
- Insert previously captured images from a separate electronic file
- Digital Camera image input - capture 3 dimensional (3D) objects
- Flatbed scanner or any other scanner

10 22 INCH MONITOR

- Ergonomic Touch Screen

11 IN-LINE DOCUMENT CLASSIFICATION

12 CERTAINSCAN 3.0 SOFTWARE

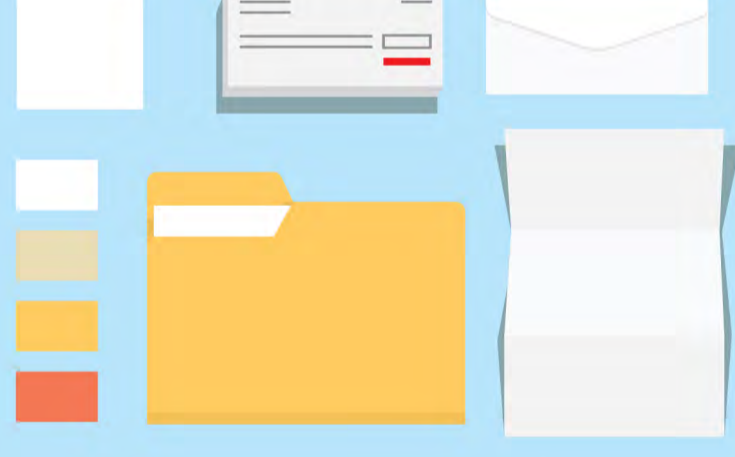

OPEX CertainScan™

- Capture Application integrated in the scanner
- Optional VRS Technology Image Enhancement Software*

*VRS is a registered trademark of Kofax

11 IN-LINE DOCUMENT CLASSIFICATION

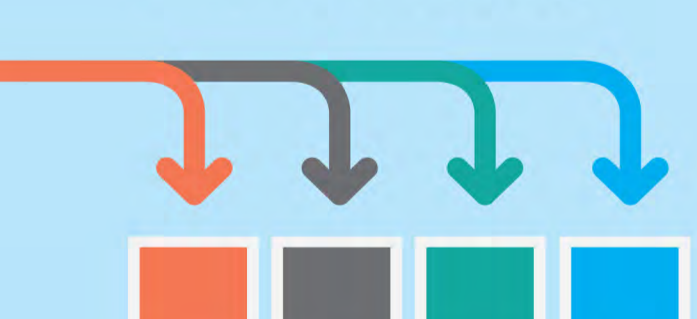

13 CERTAINSCAN EDIT SOFTWARE

- Batch editing software

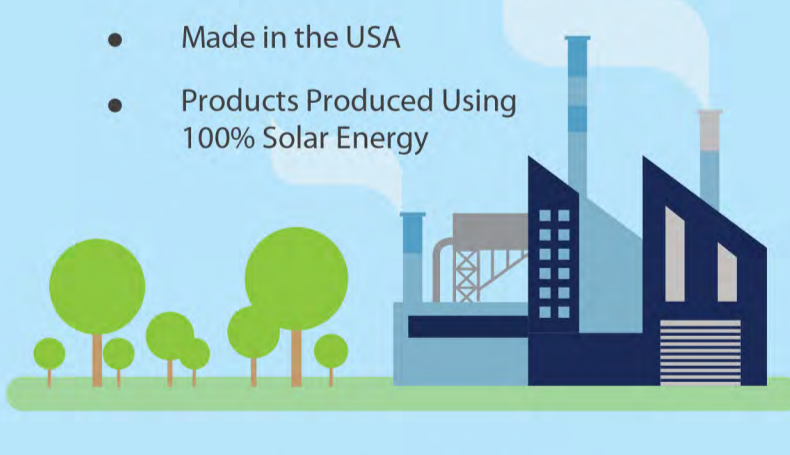

14 OPEX TRANSFORM SOFTWARE

- File output transformation software

15 GREEN MANUFACTURING

- Made in the USA
- Products Produced Using 100% Solar Energy

16 LARGE WORK SURFACE

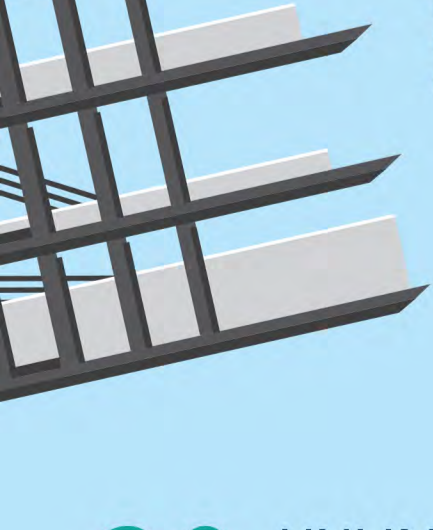

17 UNMATCHED SERVICE ORGANIZATION

- Technicians are direct employees
- Factory trained and certified
- Support and service available for the life of the product

18 MULTIPLE SORT BINS

- Capable of sorting document types to separate bins

19 MICR+

21 IMPRINTING

- Physical audit trails printed on the back and/or the front of a document
- Electronic audit trails imprinted on the back and/or the front of an image
