

# SUPPORT YOUR SOLUTION WITH AN **ONBASE ADMINISTRATOR**

Whether you are short on technical expertise or simply want a dedicated position to better manage your OnBase solution — KeyMark can supply an OnBase Administrator to operate the daily needs of your OnBase service.

**We offer administrators for full-time and part-time placement, with support for:**

- + OnBase
- + OnBase Workflow
- + OnBase Workview
- + OnBase API custom integrations

KeyMark-supplied Administrators are part of a larger team of OnBase certified professionals, meaning your dedicated resource is trained with the latest knowledge and best practices to satisfy their role as OnBase administrator. Paired with a direct relationship to KeyMark's award-winning Customer Support and Engineering Teams — your new admin comes fully equipped to bring your solution the most success.

## MAXIMIZE YOUR WORKFORCE

Whatever your enterprise — large or small — whatever complexities your business processes entail, KeyMark helps you to maximize your OnBase solution by augmenting it with a rich knowledge base from over 25-years of experience operating with workflow and content services tools.

## YOUR ONBASE ADMINISTRATOR WILL:

- + Monitor system health.
- + Be a subject expert for OnBase questions and problems.
- + Maintain system security, stability, and operating levels.
- + Create and update end-user documentation.
- + Support OnBase upgrades.
- + Collaborate with internal IT.
- + Perform root cause analysis on system issues.
- + Elevate issues with KeyMark Support as needed.
- + Work on-site, or from KeyMark offices.
